The MISUSE and ABUSE of opioid pain medications in Surry County is devastating the social fabric of our families, churches and communities. This EPIDEMIC is non-discriminatory in its impact on all creeds, colors, ages and incomes and is burdening the support structures of our educational systems, law enforcement agencies and healthcare networks.

Surry County Government would very much appreciate your attendance at the Community Forum on the Opioid Crisis of Surry County on Friday, June 22, 2018 at Surry Community College, Dobson, North Carolina.

*Multiple speakers will address the impact of opioids and the response to counter this crisis.*
